"Our daughter Emily has been a participant in the Y's Special Needs program since 1989. They offer an opportunity for her to enjoy the companionship of other individuals with intellectual disabilities in a friendly, non-judgmental Jewish environment. They spend the evening together and are able to choose their own activities and dinner, opportunities they don't get very often. Emily has made great friends and eagerly looks forward to the evening every week. The staff are excellent and this is a truly special program which has no equivalent in the Montreal area." – Parent
