OPERATING PROCEDURES

- The head technician must be present whenever the Theatre is in use.
- The renter has an obligation to hire competent technical and stage management personnel who is capable of using the Centre's equipment in a safe and efficient manner. This personnel must be approved by the Segal Centre's Technical Director or his designate.
- The Segal Centre will hire all additional technicians required for set-up, technical rehearsals and the running of the performances unless specified differently in the contract.
- A technical rider including lighting requirements, sound requirements, stage plan, production schedule and performance schedule must be sent to the Centre's Associate Producer, or their representative, at least one month prior to the set-up day.

Please note that the Centre is closed to the public for Shabbat on Fridays at 5:00pm to the Saturday at sundown.

For more information, please send us an email at rentals@segalcentre.org
